

Employment and Wellness Program

Are you having difficulty retaining employment?
Employment Halton can help.

We offer addiction and mental health supports through a new program that:

- provides counselling, skills development and job placement opportunities to help you obtain and maintain a job;
- includes weekly group and individual counselling sessions; and
- offers various supports including transportation, child care and other benefits to help you attend the program.

The program is offered twice a year, in March and September.

Individuals who would like to be referred to the program can register for an eligibility assessment by doing one of the following:
