

## ELECT ADAM ECHLIN

**“A Rep who shows up, A Rep who listens!”**

## TIME STANDARDS COMMITTEEPERSON

Brothers and Sisters,

I am respectfully asking for your support in the upcoming triennial election for Unifor Local 707 Time Standards Committeeperson at the OAC. With over 27 years of pensionable service, I believe that I have the **EXPERIENCE, MOTIVATION, and FIGHT** that it takes for this important role.

I've had the privilege of learning from some of the best reps our great union has ever had. My experience, coupled with my education in customer service, grievance handling, human rights, WSIB, collective bargaining, time study, and the collective agreement make me a prime candidate for this role at Unifor Local 707. I attend union meetings regularly, live alone, and my children are all grown up which has brought me to a point in my life where I can best serve the membership, even if it's outside work hours or on weekends.

**As your Time Standards Committeeperson**, I will challenge unrealistic workloads, oppose unfair line speed increases, ensure safety comes before production numbers, and demand accurate time studies to protect members from overloaded jobs. I've worked overloaded jobs and paid the price with a workplace injury. Let's collectively make sure no one else has to.

In Solidarity,

*Adam Echlin*
