Protecting Our Bodies. Protecting Our Future.

Proudly Representing Our Union Family

- Proud Unifor & CAW Member for 20+ Years
- Decades on the Line—Decades Fighting for Safer Work

**What I Bring to the Table:**

- Ergonomics Expertise — Hands-on experience improving workstations, reducing strain, and preventing injuries.
- Problem-Solving Strength — Proven track record tackling issues quickly and effectively.
- Corrective-Action Leadership — I've helped employees get real solutions, not band-aids.
- Worker-First Advocacy — Every decision I make starts with your health and safety.

**Why Your Vote Matters:**

You deserve a representative who understands the job because they've lived it—every shift, every rotation, every strain. I know what hurts, what slows us down, and what needs fixing. And I'm committed to making sure your voice drives every ergonomic improvement.

STRONGER TOGETHER. SAFER TOGETHER.

**My Commitments to You:**

- Worker-First Decisions — Every recommendation I make will start with one question: Does this protect our people?
- Stronger Ergonomic Standards — Push for better lift-assist tools, reduced reach zones, and smarter job rotation that actually prevents injuries.
- Real-Time Issue Reporting — Advocate for faster responses when hazards are flagged so concerns don't sit ignored.
- Injury Prevention Training — Practical, hands-on guidance that helps everyone work safer without slowing production.
- Transparent Communication — You'll always know what I'm fighting for, what's changing, and what still needs work.

In solidarity,

Jason D'Agostino
