

RE-ELECT

JOHN MULLIN

#2 SHIFT HEALTH & SAFETY REP

My name is John Mullin, and I'm seeking re election for the position of Unifor Health and Safety Representative on the # 2 Shift.

For those that don't know me, I would like to share a little bit of my history which I believe qualifies me to continue doing this job:

I was elected as the alternate Health and Safety Representative for three consecutive terms (9 years in total) - once elected and twice acclaimed. I was elected the last two terms (6 years) as your full time # 2 shift Health and Safety Representative.

I know what it means to work on the line by spending many years on some of the toughest jobs in the Trim department at the Truck and Van plants - it leaves a strong mark on you for life, but it motivated me as your Health and Safety Representative.

My goal has always been, and continues to be, to always get back to anyone who asks for help on any question or concern promptly (that use to drive me crazy when I worked on the line) and many times I will get you an answer to your concern the same day. I will continue that way until the issue is closed.

As the Co Chair of the Joint Health Safety Committee, I make it a priority to give detailed reports at our monthly membership meeting and write informative reports in our quarterly 707 Reporter.

Knowing our members' rights under the Occupational Health and Safety Act (O.H.S.A.) and many other codes/regulations/laws is extremely important in protecting our membership. My past 15 years of experience, both part-time and fulltime, has allowed me to gain the vital education/experience to do the job effectively.

I would respectfully ask for your vote for re-election to the position of #2 Shift Health and Safety Representative

In Solidarity,

John Mullin
