

## VOTE MIKE PROSSER

For Re-Election – Education Chair

Ontario Regional Council Candidate

I am asking for your support as I seek re-election as your Education Chair and as a first-time candidate for the Ontario Regional Council.

Over the past 13 years, I have been actively involved in our union and have seen firsthand the importance of education, solidarity, and member engagement.

This past term, it has been empowering to see so many members take courses, build their knowledge, and learn about worker struggles, past and present. An educated membership is a stronger membership.

Having completed the McMaster Labour Studies Certificate, PEL training, and various courses at the union hall, I have experienced the value of union education both in the workplace and in everyday life.

**Education builds confidence.**

**Education builds solidarity.**

**Education builds a stronger union.**

If elected, I will continue promoting educational opportunities while bringing our members' voices and concerns to the Ontario Regional Council.

**Knowledge is power—and no one can take that away from you.**

In Solidarity,

**Mike Prosser**
