- ✓ Represent Shift #2 workers fairly, honestly, and professionally.
- ✓ Work to ensure every worker returns home safely at the end of every shift.

WHY HEALTH & SAFETY MATTERS

A strong Health and Safety Representative helps ensure workplace hazards are addressed, workers' concerns are heard, injuries are prevented, and safety remains a top priority every day. Together, we can continue building a workplace culture based on respect, accountability, awareness, and safety.

WHY I AM RUNNING

I am running for Health & Safety Representative because I believe every employee deserves a safe workplace and a representative who will listen to their concerns. My goal is to be approachable, dependable, and committed to improving health and safety for everyone on Shift #2.

I understand that the best safety programs are built when workers have a voice. If elected, I will work to ensure your concerns are heard and addressed, while promoting a culture where safety comes first.

With over a decade at Ford Motor Company, committee experience, health and safety training, and previous experience as a Health & Safety Representative, I am ready to serve the members of Shift #2.
