*Brothers and Sisters,*

I am respectfully asking for your consideration in the election for Committeeperson of the Body Shop, Body Shop Material Handling, & Stamping Production. It has been an honour to represent you for 12 years, working my way up from Alternate Steward to Committeeperson.

There have been many challenges through the years, particularly since May of 2024, and there will be plenty of challenges ahead with the launch of this new vehicle. The Committee has worked tirelessly to push the company on every issue that has come up over the last 2 years, and we will continue to do so as we head into Collective Bargaining and the launch of the truck.

The hard work and dedication of this membership is what makes the future in Oakville bright, and I am very confident we will overcome any challenges ahead.

In closing, I encourage everyone to get involved and have a voice. I respectfully ask for your continued support.

In solidarity

*Rob Tassone*
