I have been a proud Unifor/Ford member since September 2014, currently in MP&L in Trim. With honour and integrity I will do anything I can to support and stand behind our members. Whether it's meetings or audits, you can count on me. I am very active in committees such as picnic and BIWOC and will continue to be part of Unifor events and charities

I have experience with BIWOC, Stress in the Workplace, Health and Safety, and Unifor Foundations and am always looking to continue my education within the union
