

 **ELECT**

**TODD
CAIRD**

**Health & Safety Representative
#2 Shift**

Brothers and Sisters,

On June 19th, 2026, I am respectfully seeking your support in the upcoming election for the position of Health and Safety Representative #2 Shift.

Since first being elected as a member of Local 707 Leadership, I have continued to gain the knowledge and experience to best represent the membership as your Health and Safety Representative.

The roles and responsibility of the #2 Shift Health and Safety Representative include, but are not limited to, Critical Injury and Accident Investigations, Tooling Reviews, Near Misses, Second Stage Safety Concerns, and Work Refusals. Also, a part of the role of the Health and Safety Rep is dealing with all levels of management within Ford Motor Company, as well as the Ministry of Labour, and other government agencies.

I have continuously fought and defended the rights of the membership. I have been vigilant in identifying safety issues on the floor and successfully resolved many. I have addressed and corrected health and safety concerns brought forth by you the membership, ensuring that each issue received the appropriate attention required.

I am respectfully asking for your continued support on June 19th, 2026, by Electing me as your #2 Shift Health & Safety Representative.

Experience

Currently the Unifor Health and Safety Trainer
Elected as #2 Health & Safety Representative
Elected Steward A Shift Chassis Departments 0800 (Chassis) & 0171 (Shipping)
